React.js | React Native | Firebase | Node.js

I'm a skilled Full Stack Web Developer with more than 5 years of experience in development. My expertise lies in creating user-friendly web interfaces using technologies React.js, React Native, Firebase and Node.js. I'm passionate about creating visually appealing, high-performance web applications, and committed to writing clean, maintainable code for lasting project efficiency

WORK EXPERIENCE

Full Stack developer / Say-Hi & i-CheckIn (Israel) 2023 – Present

- Say-Hi: I play a crucial role in building web and mobile applications, using React, React Native, Node.js, Google Cloud Functions, and Google Firebase Database. I develop powerful and scalable applications with user-friendly adaptive design

Digital marketing specialist / Freelance 2018 – 2023

- Created and organized original, high-quality video content
- Collaborated with brands and businesses to produce sponsored content, product reviews and promotions
- Consulted entrepreneurs on starting and promoting their businesses on social media

Founder / Kids.by (Belarus) 2018 – 2022

- Developed comprehensive printing solutions for family event
- Produced full range of services from design to finished products, using plotter cutting, embossing and printing equipment

Web-developer Team Leader / Minsk State concert organization (Belarus) 2014 – 2021

- Developed more than 60 personal, promotional and commercial websites for different state projects with a unique design based on CMS Wordpress and CMS Joomla
- Successfully led and managed a team of seven people
- Used Adobe Photoshop to design and create promotional products

Website layout designer / Internet agency "WEBMEDIA" (Belarus) 2012 – 2014

- Utilized Joomla CMS to bring designer's unique concepts to life and developed fully responsive websites
- Transformed Photoshop design concepts into responsive and visually appealing web pages
- Implemented strategic SEO promotion initiatives to optimize website performance and increase organic visibility
