React.js | React Native | Firebase | Node.js

I'm a skilled Frontend Developer with 5+ years of web development experience, specializing in React.js, React Native and also have experience in Backend development (Node.js and Firebase). I'm passionate about creating user-friendly and visually appealing interfaces. I'm equally committed to write clean and understandable code that is easy and convenient to maintain for a long time

WORK EXPERIENCE

Full-Stack Mobile developer / Say-Hi & i-CheckIn (Israel)   2023 - Present
- Led the creation of a new logo and re-design of all screens in application
- Created responsive landing page for the application from scratch: design and development using React.js
- Developed backend logic using Firebase and Cloud Functions for user profiles, data storage, and avatars uploads by phone or camera, securely storing images in Cloud Storage and linking them to Firestore DB
- Implemented bottom navigation, settings, location, auth and profile screens with React Native

Full-Stack developer / Final Project in Bootcamp (winner): "TicketPRO" (Israel)   2023
- Key features: event filtering, JWT-based authentication, user and organizer dashboards, AWS for images, ticket purchasing, interactive hall, QR-code generation, email integration using Nodemailer, maps.
- Employed Node.js, following the MVC pattern for organized backend development and PostgreSQL DB
- Created frontend with complete CRUD functionality for efficient data management using React.js

Digital marketing specialist / Freelance   2018 - 2023
- Created original video content and collaborated with brands and businesses to produce sponsored content, product reviews and promotions

Founder / Kids.by (Belarus)   2018 - 2022
- Produced full range of services from design to finished products, using plotter cutting, embossing and printing equipment. Developed comprehensive printing solutions for family events

Web-developer / Minsk State Concert organization (Belarus)   2014 - 2021
- Developed promotional and commercial websites based on CMS Wordpress and CMS Joomla

Website layout designer / Internet agency "WEBMEDIA" (Belarus)   2012 - 2014
- Developed fully responsive websites from scratch to production based on CMS Joomla
- Implemented strategic SEO promotion initiatives to increase organic visibility
